

REGRIND & SAVE!

- Save **30%-60%** with tooling reground to like-new condition.
- Reduce inventory on hand.
- Available for standard and custom tooling.
- Precise geometries and edge preps generate **100%** performance compared to new tooling.
- Custom etching on regrinds ensures operator has correct tooling.
- Recoated in-house with Fullerton premium coatings.
- Fullerton grinds and finishes applied to tooling, regardless of manufacturer.

* Tools 1/4" and smaller do not qualify for regrind.

SAVE MONEY with Fullerton's complete regrind program. Most standard and custom tooling can be reground to like-new condition while maintaining precise geometries, edge preps, and coatings at a fraction of the cost of new tooling.

CUSTOM PROGRAMS AVAILABLE

ABOUT FULLERTON

Fullerton Tool Company is a third-generation, family owned business that specializes in the design and production of solid carbide cutting tools for a wide variety of industries.

Founded in 1942, the company manufactures high quality end mills, drills, reamers, burrs, saws, keyseat cutters and PCD tooling. Fullerton is an ISO 9001:2015 certified company.

FULLERTON REGRIND PROGRAM

Fullerton Tool provides OEM Quality Regrinds, Retips and Reworks, striving to provide as close to the new tool as possible at a competitive price and delivery.

We utilize the same high quality equipment, inspection procedures and operators that we provide on your new tools.
