FULLERTON
TOOL COMPANY

ABOUT FULLERTON

Fullerton Tool Company is a third-generation, family owned business that specializes in the design and production of solid carbide cutting tools for a wide variety of industries.

Founded in 1942, the company manufactures high quality end mills, drills, reamers, burrs, saws, keyseat cutters and PCD tooling. Fullerton is an ISO 9001:2015 certified company.

FULLERTON REGRIND PROGRAM

Fullerton Tool provides OEM Quality Regrinds, Retips and Reworks, striving to provide as close to the new tool as possible at a competitive price and delivery.

We utilize the same high quality equipment, inspection procedures and operators that we provide on your new tools.

JIT SERVICES
24/48 HR
Just-in-time delivery.

JIT END MILLS

Decimal Size End Mills

Any special diameter end mill in Fullerton Tool's standard length geometry can be made in 48-hours! This also includes corner radius and ball end mills.

48
HR

24
HR

JIT SAWS

Carbide Slitting Saws

Fullerton Tool can size any carbide slitting saw from 1/4" diameter to 6" diameter in 24-hours! See the Fullerton Tool catalog for standard size saw blades.

24
HR

JIT ALT STANDARDS

Need something that is similar to our standards but a little different? Fullerton Tool can alter a standard tool in 5 days or less to meet your needs.

JIT SERVICES

Fullerton Tool can put a **CORNER RADIUS**, **CORNER CHAMFER** or **CHIP BREAKERS** on any end mill in 48-hours! This includes all end mills in our catalog including our high performance lines.

We combine our highly skilled operators with our top-of-the-line production machinery to design and manufacture special cutting tools for your most demanding applications.

Our F.A.S.T. team will work closely with your company to help you obtain your goal of optimal process parameter and become lean, efficient and profitable manufacturers.
